

DODGE /// DURANGO

### **DODGE DURANGO**

How do you know Durango is a Dodge through and through? It's easy. Compared to the other SUVs, Durango is an outlier. It's different. It's a Dodge first – and an SUV second. The others cower and let the segment define them, focusing more on simply being utility vehicles rather than sport utility vehicles. Not Durango – with its HEMI® V8 engine, rear-wheel drive and sport suspension, Dodge engineering has transformed this SUV into a seven-seat Charger.\*

Durango goes all in with an incredible amount of horsepower capable of pulling an equally incredible towing rating, and plenty of technology to keep you entertained and connected. Durango is an SUV that doesn't need bloodwork in order to tell what's in its DNA: there's no doubt that this is a Dodge.

\*Five-passenger seating standard. Six- and seven-passenger seating available.

## GET PERSONAL

**ALL SYSTEMS: GO ///** Standard on every Durango model: a 7-inch reconfigurable digital gauge cluster. From here you get real-time information on performance, available navigation and vehicle status in full color and with rich graphics. The customization is near limitless and programmable by you.

**UCONNECT® ///** Engineered with technology, Uconnect brings a range of communication and entertainment services directly to Durango. Intuitive and customizable, available Uconnect systems include a touchscreen display up to 8.4 inches. Through Durango's standard steering wheel-mounted controls, you can operate available features like a Bluetooth® enabled phone, Voice Command,<sup>[1]</sup> 3D navigation (not available in certain markets), cruise control and more.

U.S. Uconnect® screen shown.

**REAR-SEAT ENTERTAINMENT ///** Be road-trip-ready with the available Blu-ray™/DVD system. Rear-seat passengers will be entertained via two nine-inch seatback-mounted screens. Traveling with both movie buffs and gaming fanatics? The rear-seat HDMI/USB ports let passengers tap into the entertainment system and use each screen independently of each other.

**PUMP UP THE VOLUME ///** Opt for premium audio and experience meticulously tuned music the way the artist intended it to be heard. The available system includes an additional 50 watts of power per channel, nine premium speakers, a 506-watt amplifier and a subwoofer.

## THE 7-SEAT CHARGER

**DODGE DNA RUNS DEEP** /// Its capability and roominess qualify Durango as an SUV. But the available HEMI® engine under the hood gives it the iconic soul of a Dodge muscle car. The raw power lurking underneath isn't the only thing that separates Durango from the pack. Durango's armor is forged to highlight its athletic profile. It starts with a fierce split-crosshair grille filled with a modern mesh texture and a bulked-up hood with a powerful-looking profile. Striking projector headlamps with embossed Dodge logo, projector fog lamps and available LED daytime running lamps (DRLs) shine like crown jewels. Light up the night with a full-width LED racetrack taillamp and opt for available dual bright exhaust tips that remind those behind you why you're out in front.

**50+ SEATING CONFIGURATIONS**

One size does not fit all. So go ahead and keep all the seats up... or down... or someplace in the middle — with 50 different seating configurations, we've got you covered. Whether your group size is seven people or your load size is for a 10-day road trip, Durango's ready.

Optional seating for seven includes a 60/40 fold-and-tumble second-row reclining bench seat featuring a padded center armrest with cup holders and a 50/50 split-folding third-row seat. Standard seating for six puts cloth or available heated leather-trimmed fold-flat Captain's Chairs and a floor-mounted mini console with charge-only USB ports and 115-volt power outlet in the second row. All rows keep comfortable with Three-Zone Automatic Temperature Control (ATC) that maintains the perfect cabin temperature in each zone.

EXCEPTIONAL TOWING  
**3500 KG\***

\*When properly equipped. Properly secure all cargo.

**COMMAND THE ROAD** //

**ALL-WHEEL DRIVE (AWD) ///** Durango was designed for uncompromising and refined performance even in the worst conditions. Forge on with available AWD. The system helps enhance driver confidence by leveraging the SUV's 50/50 weight distribution. Durango offers an AWD system for the HEMI® V8 model which greatly enhances the vehicle's traction and handling by delivering a smooth driving experience over a wide range of road conditions. On V8 model, AWD includes a low range on the transfer case for extreme 4x4 situations.

## SAFETY & SECURITY FEATURES

**PARKSENSE® REAR PARK ASSIST<sup>[2]</sup> ////** When your vehicle is in Reverse, this system can sense objects moving at low speeds behind the vehicle; if imminent collision is detected, the system will provide a momentary, autonomous brake pulse. In certain circumstances, this system can help bring your vehicle to a stop. Available.

**RAIN BRAKE SUPPORT ////** When your windshield wipers have been activated, the system pulses the brake pads closer to the spinning rotors, helping to keep the rotors and pads dry for greater control and operator security. Standard.

**BLIND SPOT MONITORING (BSM)<sup>[3]</sup> WITH REAR CROSS-PATH DETECTION<sup>[2]</sup> ////** Radar continually monitors rear vehicle blind zones and will visually and audibly alert you when a vehicle is sensed in any of the zones. When the vehicle is in Reverse, rear sensors warn through a chime if cross-traffic approaches the vehicle. Available.

**ADAPTIVE CRUISE CONTROL (ACC)<sup>[4]</sup> WITH STOP ////** Helps maintain a driver-selected distance from the vehicle ahead; under certain traffic conditions, the system can bring the vehicle to a full stop without driver intervention. Available.

**FORWARD COLLISION WARNING (FCW)<sup>[5]</sup> WITH ACTIVE BRAKING ////** Forward-facing radar sensors detect when your vehicle may be approaching another object too rapidly, and the system alerts the driver with both an audible chime and a visual warning. Available.

**PARKVIEW® REAR BACK-UP CAMERA<sup>[2]</sup> ////** This system displays an accurate visual reference of what is behind your vehicle when it's in Reverse. Standard.

**READY ALERT BRAKING ////** The system anticipates situations when you may initiate an emergency brake stop and uses the Electronic Stability Control (ESC)<sup>[6]</sup> pump to pre-charge the brake system in order to decrease the time required for full brake application. Standard.

**ELECTRONIC STABILITY CONTROL (ESC)<sup>[6]</sup> ////** This system is designed to assist you in maintaining control of your vehicle during extreme steering maneuvers. ESC<sup>[6]</sup> senses when a vehicle is starting to spin (oversteer) or plow (understeer), and attempts to correct the vehicle's course by automatically controlling the throttle and applying the brakes at individual wheels. Standard.

**ALL-WHEEL DRIVE (AWD) ////** A system that automatically detects wheel-slip and sends additional power to the wheel(s) with the most traction. Available.

**ANTILOCK BRAKE SYSTEM (ABS) ////** Standard four-wheel antilock disc brakes sense and prevent wheel lockup, offering improved steering control under extreme braking and/or slippery conditions. Standard.

Uconnect®

## HERE'S WHAT YOU CAN DO.

REMAIN FOCUSED ON THE ROAD WITH YOUR HANDS ON THE WHEEL, WHILE YOU COMMUNICATE, NAVIGATE AND STAY ENTERTAINED.

/// **DISCOVER** new places, find the best shopping, dancing, entertainment venues and restaurants /// **SPEAK UP** and be heard, send and receive calls and texts<sup>[2]</sup> while driving safely with hands-free phone capability<sup>[2]</sup> /// **NAVIGATE**<sup>[8]</sup> to every adventure, get turn-by-turn directions so you don't get lost on the way (unless you want to) /// **START** your car from afar, get your engine running, unlock your door or flash your headlamps from almost anywhere using your smartphone

U.S. Uconnect® screen shown.

DODGE

DURANGO 

[1] Requires a mobile phone equipped with the Bluetooth Hands-Free Profile. [2] Always look before proceeding, electronic drive aid is not a substitute for conscientious driving; always be aware of your surroundings. [3] Always check visually for vehicles prior to changing lanes. [4] ACC is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [5] FCW system is solely an alert system for the front of the vehicle which does not take any actions to change the vehicle dynamics to avoid a collision and is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [6] No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. Visit [UconnectPhone.com](http://UconnectPhone.com) for system and device compatibility [7] Voice Text Reply and Voice Texting features require a compatible mobile device enabled with Bluetooth Message Access Profile (MAP). iPhone and some other smartphones do not currently support Bluetooth MAP. Ensure MAP is ON and incoming message notification is enabled. Also requires the use of a compatible smartphone that supports text messaging and Bluetooth. Visit [UconnectPhone.com](http://UconnectPhone.com) for system and device compatibility. [8] This system is not meant to be used while the car is in motion.

# DURANGO /// SPECIFICATIONS

ENGINE / TRANSMISSION	
5.7 HEMI® V8 with Multi-Displacement System and VVT with 8-speed Automatic transmission	25S
MECHANICAL FEATURES	
BRAKES – Antilock 4-wheel disc HD	•
EXHAUST SYSTEM – Dual rear with bright tips (packaged with 5.7 HEMI V8, Blacktop Package or Anodized Platinum Appearance Package)	•
SUSPENSIONS – Rear load-leveling (packaged with Trailer Tow Group IV or Trailer Tow & Skid Plate Group)	•
– Sport – Lowered ride height for enhanced handling	•
TRANSFER CASE/AWD SYSTEM – 2-speed, active on-demand AWD	•
EXTERIOR FEATURES	
FASCIAS – Body-color performance front	•
GRILLE – Body-color with accents	•
– Gloss Black (packaged with Blacktop and Brass Monkey Packages)	P
LIFTGATE – Power, with key fob, overhead console and rear-cargo-area controls (packaged with Popular Equipment Group)	•
LIGHTING – Auto High-Beam Headlamp Control (packaged with Safety/Security & Convenience Group)	•
– Automatic headlamps	•
– Automatic headlamp leveling system (packaged with Safety/Security & Convenience Group)	•
– Low-beam High Intensity Discharge headlamps (packaged with Safety/Security & Convenience Group)	•
– Fog lamps, premium LED	•
– LED daytime running lamps (packaged with Blacktop Package)	•
MIRRORS – Body-color, power-folding multifunction with heating element, auto-dimming driver’s-side, supplemental turn signals and memory (packaged with Blacktop Package)	•
– Gloss Black, power-folding multifunction with heating element, auto-dimming driver’s-side, supplemental turn signals and memory (packaged with Blacktop Package)	P
REMOTE START SYSTEM – Control integrated into key fob, radio frequency system with 91-m range	•
SUNROOF – Power with express-open/close and comfort-stop features	O
WHEEL LIP MOLDINGS – Body-color	•
WIPER SYSTEM – Front, rain-sensing automatic feature (included with the Safety/Security & Convenience Group or Technology Group)	•
– Rear, with fixed intermittent and continuous speeds, with washer	•

INTERIOR FEATURES	
7-INCH THIN FILM TRANSISTOR (TFT) RECONFIGURABLE DIGITAL GAUGE CLUSTER	•
CARGO AREA – Cargo compartment cover (packaged with Safety/Security & Convenience Group and Anodized Platinum Appearance Package on Citadel)	P
– Cargo Net (packaged with Safety/Security & Convenience Group)	•
CONSOLE – Full-length front floor console	•
– 2 <sup>nd</sup> -row mini floor console with cup holders and storage; also includes a floor mat for the 3 <sup>rd</sup> row (packaged with 2 <sup>nd</sup> -row Fold-and-Tumble Captain’s Chairs)	P
– 2 <sup>nd</sup> -row floor console (requires 2 <sup>nd</sup> -row Fold-and-Tumble Captain’s Chairs)	O
– Leather-wrapped armrest, center console	•
SEATS – 1 <sup>st</sup> -row, power driver/passenger 4-way lumbar adjuster	•
– 1 <sup>st</sup> -row, passenger forward fold-flat seat (not available with Blu-ray™ system R/T)	•
– 1 <sup>st</sup> -row, power 8-way driver and passenger seats; driver’s seat includes memory feature (packaged with Blu-ray/DVD Rear Entertainment System)	•
– 1 <sup>st</sup> -row, heated (packaged with Popular Equipment Group; includes heated steering wheel)	•
– 1 <sup>st</sup> -row, ventilated	•
– 2 <sup>nd</sup> -row, 60/40 Fold-and-Tumble 3-passenger bench, folding	•
– 2 <sup>nd</sup> -row, heated	•
– 2 <sup>nd</sup> -row, Fold-and-Tumble Captain’s Chairs (packaged with Anodized Platinum Appearance Package)	O
– 3 <sup>rd</sup> -row, 50/50 split-folding	•
STEERING WHEEL – Heated (packaged with heated front seats)	•
– Perforated leather-wrapped, with controls for audio, speed, Electronic Vehicle Information Center voice-recognition and Adaptive Cruise Control (ACC) (if equipped)	•
– Power tilt/telescoping steering column (included with Safety/Security & Convenience Group)	•
UCONNECT® MULTIMEDIA	
CD PLAYER – Single-disc, remote (optional on CPOS 2TB; requires Uconnect 8.4)	O
Media Hub – Includes 2 USB ports and auxiliary jack	•
POWER OUTLET – 12-volt power outlet in console (packaged with 2 <sup>nd</sup> -row console with armrest and storage)	P
– 2 12-volt outlets, located on the instrument panel and in the rear Cargo compartment	•
RADIOS – Uconnect 8.4 NAV	•
SPEAKERS – BeatsAudio™ Premium Sound System (packaged with Premium Entertainment Group)	•
USB PORT – Charging port located in console (packaged with 2 <sup>nd</sup> -row console with armrest)	P
– Dual remote – charge only	•

• = Standard. O = Optional. P = Available with Package noted.

SAFETY & SECURITY	
ACTIVE HEAD RESTRAINTS	•
ACC WITH STOP (packaged with Technology Group)	P
ADVANCED BRAKE ASSIST (packaged with Technology Group)	P
AIR BAGS – Advanced multistage, driver and front-passenger	•
– Supplemental side-curtain (all rows)	•
– Supplemental side	•
– Driver inflatable knee bolster	•
BLIND SPOT MONITORING (BSM) AND REAR CROSS-PATH DETECTION – Packaged with Safety/Security & Convenience Group or Technology Group	P
ELECTRONIC STABILITY CONTROL	•
FORWARD COLLISION WARNING WITH ACTIVE BRAKING – Packaged with Technology Group	P
HILL START ASSIST	•
KEYLESS ENTER 'N GO™	•
LANESENSE® LANE DEPARTURE WARNING SYSTEM – Packaged with Technology Group	P
PARKSENSE® REAR PARK ASSIST SYSTEM – Packaged with Comfort Seating Group	•
PARKSENSE FRONT PARK ASSIST SYSTEM	•
PARKVIEW® REAR BACK-UP CAMERA	•
RAIN BRAKE SUPPORT	•
READY ALERT BRAKING	•

SECURITY ALARM	•
TRAILER SWAY CONTROL	•
PACKAGES / EQUIPMENT GROUPS	
BLACKTOP PACKAGE – Includes Gloss Black badging, Gloss Black grille and Gloss Black mirror caps (R/T does not include Gloss Black grille)	O

Safety and security

1. Always look before proceeding, electronic drive aid is not a substitute for conscientious driving; always be aware of your surroundings. 2 No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. 3 The Advanced Front Air Bags in this vehicle are certified to the new U.S. Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 4 Based on latest available competitive information. 5 Apple CarPlay requires a compatible mobile device connected via USB cable to the Uconnect system. To use Android Auto on your car's in-dash display, you'll need an Android Auto compatible vehicle or aftermarket stereo, an Android phone running 5.0 (Lollipop) or higher and the Android Auto app. Data plan rates may apply. 6 Requires a mobile phone equipped with the Bluetooth Hands-Free Profile. Visit UconnectPhone.com for system and device compatibility. 7. Siri Eyes Free requires an iPhone equipped with Siri. Certain features not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features. 8 Voice Text Reply and Voice Texting features require a compatible mobile device enabled with Bluetooth Message Access Profile (MAP). iPhone and some other smartphones do not currently support Bluetooth MAP. Visit [www.UconnectPhone.com](http://www.UconnectPhone.com) for system and device compatibility. Ensure MAP is ON and incoming message notification is enabled. Vehicle must be registered for Uconnect Access and you must fulfill minimum subscription requirements. Also requires the use of a compatible smartphone that supports text messaging and Bluetooth. Check UconnectPhone.com for device compatibility.

About this catalog: AGT Europe Automotive Import SA has made everything possible to ensure that the content is accurate and complete by the time it was created. Since the time of printing, some of the information you'll find in this catalog may have been updated. Ask your dealer for details. Some of the equipment shown or described throughout this catalog may be available at extra cost.
